LOCKING BRACKET WITH THROUGH HOLE

Chiusure in plastica

The use of the J300 bracket must be combined with a knob with a threaded stud. An effective combination could be the one with T-handle art. L271. Used together they function as a quick locking and release system for panels of machinery in general. Particularly suitable for insulating panels of large external air conditioning chiller units.

Materials:

Reinforced polyamide.

Resistant to oils and greases.

Surface finish:

Satin.

Colour:

Black (RAL 9011).

Hole

Smooth through hole obtained by moulding the plastic.

Special Requests:

None.
